Giving priority to economically backward classes especially S. Cs/S Ts in the matter of Grant of Takavi and land improvement loans.

Circular No. RDF 59 TKV 73, Bangalore dated 18th August 1973

"Till recently loans from Government were the only resources available for agriculturists for normal cultivation expenses as well as for effecting improvements of land, apart from the funds advanced by the local money lenders. Institutional credit through Co-operatives, Land Development Banks and Scheduled Banks (both Nationalised and non-Nationalised) has become available during recent years both for current expenses of agriculture and for permanent improvements. The Institutional credit during 1972–73 for agricultural crop loans and permanent improvements would be in the order of Rs. 84.50 crores. As against this, the Budget provision for direct loans to agriculturists was only 2.3 crores under Takavi loans and 2.5 crores under Land Improvement loans.

In view of the massive efforts made to provide institutional credit for agriculture, Government consider it necessary that the limited funds provided in the State Budget under L. I. loans and Takavi loans should be earmarked for grant of loans exclusively to the economically backward classes specially S. Cs & S. Ts who may not be able to get loans from Co-operatives and Commercial Banks in view of their requirements of share capital contribution and margin money. The officers who are empowered to sanction Takavi and Land Improvement loans are hereby directed to give priority to the applications from the economically backward classes especially the S. Cs & S. Ts while granting loans. To the extent possible the loans granted to these economically backward classes should be for providing share capital contribution or margin money so that they can draw greater quantum of finances from the financing institutions. The subsequent mortgage/charge in favour of financing institutions will get priority over the charge created in favour of Government earlier for drawing the share capital contribution/margin money. This has the concurrence of the Finance Department *vide* No. FD 2534/W and S II/73, dated 6th July 1973.
